Perfect Print, Every Time

DPF 510 delivers a vibrant print quality at an unbeatable value for your short-term promotional permanent applications. The two sided, lay-flat polycoated liner assures that the vinyl will not curl under heavy heat from printers, also making your graphic easier to handle and install. DPF 510 is compatible with Eco-Solvent, Solvent and Latex inks, guaranteeing the best ink receptivity in the market. The solvent-based adhesive offers an excellent initial tack, forming a permanent bond for lasting impact. To give your graphics longevity, match DPF 510 with Series 3510 overlaminates and make your everyday promotional signage stand out on its own!

DPF
510
