

Intelicoat - SBL-7 7 mil Polyester Backlit Film

SBL-7 a universal 7 mil polyester backlit film for use in both solvent, eco-solvent and aqueous inkjet piezo printing systems. SBL-7 is a backlit film recommended as a front printing and viewing film where high density can be achieved. It is ideal for backlit signage applications, and provides maximum transmitted and reflected ink density, ensuring vivid color and high image resolution.

Features & Benefits

- Front Print, Front View, Bright White, Semi-Opaque
- Vivid Color and High Image Resolution
- UV Fade and Water Resistance When Using Aqueous Inks
- For Solvent Printers

Uses & Applications

- High Quality, Promotional Indoor and Outdoor Backlit Signage
- Trade Show Displays
- Retail Displays, Lightbox Graphics and Kiosks
