

Intelicoat Siena 200L, 200G, 250L, 250G Resin Coated Photobase Paper

Siena 200 L & 200 G feature thinner caliper for reliable feed through all printers, including the HP DesignJet5000 series. Unique coating on a resin-coated photobase paper makes it compatible with piezo and thermal ink jet printers with pigment and dye inks. Available in lustre finish. Siena 250G features extremely vibrant colors and instant dry times, even with pigmented inks. Dries instantly and laminates easily. Siena 200 is a thinner version of Siena 250.

Features & Benefits

- Instant Dry on Most Printers
- Superior Pigment Color Gamut
- Excellent Ease of Handling During Printing and Lamination
- Premium Feel, Medium Weight

Uses & Applications

- Art and Photo Reproduction
- Proofing
- Signage
- Posters & POP Displays

* Aqueous Inks - Indoor Use
